Hello Girts. Can offer you 3 options. We have standard tabs that meet your size and thickness specs, however, the adhesive is around 5mm wide. Alternatively, if the adhesive width of 10mm is more important, we are currently making a batch for another customer of exactly the same size and 10mm wide adhesive, and could fit it in with that, but they are 200um thick rather than the 100um you request. Finally, if you want us to meet your exact spec, if you can increase the quantity to 500pcs, we can make it to match exactly what you need. Hope that helps.

Product	Unit Price	Quantity	Subtotal
 Aluminium Tabs size: 8mm x 60mm x 0.1mm	£0.70	300	£210.00

Product	Unit Price	Quantity	Subtotal
			
Nickel Tabs size: 8mm x 60mm x 0.1mm	£0.80	300	£240.00
Subtotal:			£450.00
Shipping:			£10.00 via Shipping
VAT:			£2.00
Total:			£462.00
