## Quote #7857

Hello Tobias,

Thanks for your email. Appreciate your sincerity. Indeed, we cannot compete with those prices and the ones we have do come from China. The only thing I would add is we do have an office in China and we only work with factories that do a good job rather than the cheapest ones and we have CE certified our models. Ive applied a discount for you in any case. Hope this is reasonable. If theres anything we can help with please dont hesitate to contact us.
